COMPLAINT

Plaintiffs RICHEMONT INTERNATIONAL SA, CARTIER INTERNATIONAL A.G., MONTBLANC-SIMPLO GMBH, CHLOE S.A.S., VAN CLEEF & ARPELS SA, OFFICINE PANERAI A.G., and LANCEL INTERNATIONAL SA (collectively, "Plaintiffs") hereby bring the present action against the Partnerships and Unincorporated Associations identified on Schedule A attached hereto (collectively, "Defendants") and allege as follows:

I. JURISDICTION AND VENUE

1. This Court has original subject matter jurisdiction over the claims in this action pursuant to the provisions of the Lanham Act, 15 U.S.C. § 1051, *et seq.*, 28 U.S.C. § 1338(a)-(b) and 28 U.S.C. § 1331. This Court has jurisdiction over the claims in this action that arise under the laws of the State of Illinois pursuant to 28 U.S.C. § 1337(a), because the state law claims are

so related to the federal claims that they form part of the same case or controversy and derive from a common nucleus of operative facts.

2. Venue is proper in this Court pursuant to 28 U.S.C. § 1391, and this Court may properly exercise personal jurisdiction over Defendants since each of the Defendants directly targets business activities toward consumers in the United States, including Illinois, through at least the fully interactive, commercial Internet stores operating under the Defendant Domain Names and/or the Online Marketplace Accounts identified in Schedule A attached hereto (collectively, the “Defendant Internet Stores”). Specifically, Defendants are reaching out to do business with Illinois residents by operating one or more commercial, interactive Defendant Internet Stores through which Illinois residents can purchase products bearing counterfeit versions of Plaintiffs’ respective trademarks. Each of the Defendants has targeted sales from Illinois residents by operating online stores that offer shipping to the United States, including Illinois, accept payment in U.S. dollars and, on information and belief, has sold counterfeit products bearing counterfeit versions of Plaintiffs’ respective trademarks to residents of Illinois. Each of the Defendants is committing tortious acts in Illinois, is engaging in interstate commerce, and has wrongfully caused Plaintiffs substantial injury in the State of Illinois.

II. INTRODUCTION

3. Plaintiffs are all subsidiaries of Compagnie Financière Richemont SA (“Richemont”), which owns several of the world’s leading companies in the field of luxury goods, with particular strengths in jewelry, luxury watches and writing instruments. This action has been filed by Plaintiffs to combat online counterfeiters who trade upon Plaintiffs’ respective reputations and goodwill by selling and/or offering for sale unauthorized and unlicensed counterfeit products featuring counterfeits of Plaintiffs’ trademarks (the “Counterfeit Products”).

The Defendants create the Defendant Internet Stores by the hundreds and design them to appear to be selling Plaintiffs' genuine products, while actually selling Counterfeit Products to unknowing consumers. The Defendant Internet Stores share unique identifiers, such as design elements and similarities of the Counterfeit Products offered for sale, establishing a logical relationship between them and suggesting that Defendants' counterfeiting operation arises out of the same transaction, occurrence, or series of transactions or occurrences. Defendants attempt to avoid liability by going to great lengths to conceal both their identities and the full scope and interworking of their massive counterfeiting operation. Plaintiffs are forced to file this action to combat Defendants' counterfeiting of their respective registered trademarks, as well as to protect unknowing consumers from purchasing Counterfeit Products over the Internet. Plaintiffs have been and continue to be irreparably damaged through consumer confusion, dilution, and tarnishment of their valuable trademarks as a result of Defendants' actions and seek injunctive and monetary relief.

Plaintiffs' Trademarks and Plaintiffs' Products

57. The CARTIER Trademarks, MONTBLANC Trademarks, CHLOE Trademarks, VAN CLEEF & ARPELS Trademarks, PANERAI Trademarks, LANCEL Trademarks, IWC

Trademarks, PIAGET Trademarks, BAUME & MERCIER Trademarks, JAEGER-LECOULTRE Trademarks, and VACHERON CONSTANTIN Trademarks are collectively referred to herein as “Plaintiffs’ Trademarks.”

58. The CARTIER Products, MONTBLANC Products, CHLOE Products, VAN CLEEF & ARPELS Products, PANERAI Products, LANCEL Products, IWC Products, PIAGET Products, BAUME & MERCIER Products, JAEGER-LECOULTRE Products, and VACHERON CONSTANTIN Products are collectively referred to herein as “Plaintiffs’ Products.”

59. Plaintiffs’ Trademarks are exclusive to Plaintiffs, and are displayed extensively on Plaintiffs’ Products and in Plaintiffs’ marketing and promotional materials. Plaintiffs’ Products have long been among the most popular luxury products in the world and have been extensively promoted and advertised at great expense. In fact, Plaintiffs have expended millions of dollars annually in advertising, promoting and marketing featuring their respective Plaintiffs’ Trademarks. Plaintiffs’ Products have also been the subject of extensive unsolicited publicity resulting from their high-quality, innovative designs and renown as desired luxury items. Because of these and other factors, Plaintiffs’ respective brands and many of Plaintiffs’ Trademarks have become famous.

60. Plaintiffs’ Trademarks are distinctive when applied to Plaintiffs’ Products, signifying to the purchaser that the products come from Plaintiffs and are manufactured to Plaintiffs’ quality standards. Whether Plaintiffs manufacture the products themselves or license others to do so, Plaintiffs have ensured that products bearing their trademarks are manufactured to the highest quality standards. Many of Plaintiffs’ Trademarks have achieved tremendous fame and recognition, which has only added to the inherent distinctiveness of their respective marks.

As such, the goodwill associated with Plaintiffs' Trademarks is of incalculable and inestimable value to Plaintiffs.

61. Plaintiffs have expended substantial time, money, and other resources in developing, advertising and otherwise promoting Plaintiffs' Trademarks. As a result, Plaintiffs' Products bearing Plaintiffs' Trademarks are widely recognized and exclusively associated by consumers, the public, and the trade as being high-quality products sourced from Plaintiffs. Each Plaintiff runs a multi-million dollar operation, and Plaintiffs' Products have become among the most popular of their kind in the world.

The Defendants

62. Defendants are individuals and business entities who, upon information and belief, reside in the People's Republic of China or other foreign jurisdictions. Defendants conduct business throughout the United States, including within the State of Illinois and this Judicial District, through the operation of the fully interactive commercial websites and online marketplaces operating under the Defendant Internet Stores. Each Defendant targets the United States, including Illinois, and has offered to sell, and, on information and belief, has sold and continues to sell Counterfeit Products to consumers within the United States, including the State of Illinois.

63. On information and belief, Defendants are an interrelated group of counterfeiters working in active concert to knowingly and willfully manufacture, import, distribute, offer for sale, and sell products bearing counterfeit versions of Plaintiffs' Trademarks in the same transaction, occurrence, or series of transactions or occurrences. Tactics used by Defendants to conceal their identities and the full scope of their counterfeiting operation make it virtually impossible for Plaintiffs to learn Defendants' true identities and the exact interworking of their

massive counterfeit network. In the event that Defendants provide additional credible information regarding their identities, Plaintiffs will take appropriate steps to amend the Complaint.

IV. DEFENDANTS' UNLAWFUL CONDUCT

64. The overwhelming success of Plaintiffs' respective brands has resulted in their significant counterfeiting. Consequently, Plaintiffs have a worldwide anti-counterfeiting program and regularly investigate suspicious websites and online marketplace listings identified in proactive Internet sweeps and reported by consumers. In recent years, Plaintiffs have identified thousands of domain names linked to fully interactive websites and marketplace listings on platforms such as iOffer and Aliexpress, including the Defendant Internet Stores, which were offering for sale, selling, and importing Counterfeit Products to consumers in this Judicial District and throughout the United States. Despite Plaintiffs' enforcement efforts online and on the ground, Defendants have persisted in creating the Defendant Internet Stores, which generate massive profits selling Counterfeit Products. Internet websites like the Defendant Internet Stores are estimated to receive tens of millions of visits per year and to generate over \$135 billion in annual online sales. According to an intellectual property rights seizures statistics report issued by Homeland Security, the manufacturer's suggested retail price (MSRP) of goods seized by the U.S. government in fiscal year 2014 was over \$1.23 billion. Internet websites like the Defendant Internet Stores are also estimated to contribute to tens of thousands of lost jobs for legitimate businesses and broader economic damages such as lost tax revenue every year.

65. Defendants facilitate sales by designing the Defendant Internet Stores so that they appear to unknowing consumers to be authorized online retailers, outlet stores, or wholesalers

selling genuine Plaintiffs' Products. Many of the Defendant Internet Stores look sophisticated and accept payment in U.S. dollars via credit cards, Western Union and PayPal. Numerous Defendant Domain Names also incorporate the Plaintiffs' Trademarks into the URL, and the Defendant Internet Stores often include content and design elements that make it very difficult for consumers to distinguish such counterfeit sites from an authorized website. Defendants further perpetuate the illusion of legitimacy by offering "live 24/7" customer service and using indicia of authenticity and security that consumers have come to associate with authorized retailers, including the McAfee® Security, VeriSign®, Visa®, MasterCard®, and PayPal® logos. Plaintiffs have not licensed or authorized Defendants to use any of Plaintiffs' Trademarks, and none of the Defendants are authorized retailers of genuine Plaintiffs' Products.

66. Defendants also deceive unknowing consumers by using Plaintiffs' Trademarks without authorization within the content, text, and/or meta tags of their websites in order to attract various search engines crawling the Internet looking for websites relevant to consumer searches for Plaintiffs' Products. Additionally, upon information and belief, Defendants use other unauthorized search engine optimization (SEO) tactics and social media spamming so that the Defendant Internet Stores listings show up at or near the top of relevant search results and misdirect consumers searching for genuine Plaintiffs' Products. Further, Defendants utilize similar illegitimate SEO tactics to propel new domain names to the top of search results after others are shut down. As such, Plaintiffs also seek to disable Defendant Domain Names owned by Defendants that are the means by which the Defendants could continue to sell Counterfeit Products.

67. Defendants go to great lengths to conceal their identities and often use multiple fictitious names and addresses to register and operate their massive network of Defendant

Internet Stores. For example, many of Defendants' names and physical addresses used to register the Defendant Domain Names are incomplete, contain randomly typed letters, or fail to include cities or states. Other Defendant Domain Names use privacy services that conceal the owners' identity and contact information. On information and belief, Defendants regularly create new websites and online marketplace accounts on various platforms using the identities listed in Schedule A to the Complaint, as well as other unknown fictitious names and addresses. Such Defendant Internet Store registration patterns are one of many common tactics used by the Defendants to conceal their identities, the full scope and interworking of their massive counterfeiting operation, and to avoid being shut down.

68. Even though Defendants operate under multiple fictitious names, there are numerous similarities among the Defendant Internet Stores. For example, many of the Defendant websites have virtually identical layouts, even though different aliases were used to register the respective domain names. In addition, Counterfeit Products for sale in the Defendant Internet Stores bear similar irregularities and indicia of being counterfeit to one another, suggesting that the Counterfeit Products were manufactured by and come from a common source and that Defendants are interrelated. The Defendant Internet Stores also include other notable common features, including use of the same domain name registration patterns, shopping cart platforms, accepted payment methods, check-out methods, meta data, illegitimate SEO tactics, HTML user-defined variables, domain redirection, lack of contact information, identically or similarly priced items and volume sales discounts, the same incorrect grammar and misspellings, similar hosting services, similar name servers, and the use of the same text and images, including content copied from Plaintiffs' official websites.

69. In addition to operating under multiple fictitious names, Defendants in this case and defendants in other similar cases against online counterfeiters use a variety of other common tactics to evade enforcement efforts. For example, counterfeiters like Defendants will often register new domain names or online marketplace accounts under new aliases once they receive notice of a lawsuit. Counterfeiters also often move website hosting to rogue servers located outside the United States once notice of a lawsuit is received. Rogue servers are notorious for ignoring take down demands sent by brand owners. Counterfeiters also typically ship products in small quantities via international mail to minimize detection by U.S. Customs and Border Protection. A 2012 U.S. Customs and Border Protection report on seizure statistics indicated that the Internet has fueled “explosive growth” in the number of small packages of counterfeit goods shipped through the mail and express carriers.

70. Further, counterfeiters such as Defendants typically operate multiple credit card merchant accounts and PayPal accounts behind layers of payment gateways so that they can continue operation in spite of Plaintiffs’ enforcement efforts. On information and belief, Defendants maintain off-shore bank accounts and regularly move funds from their PayPal accounts to off-shore bank accounts outside the jurisdiction of this Court. Indeed, analysis of PayPal transaction logs from previous similar cases indicates that off-shore counterfeiters regularly move funds from U.S.-based PayPal accounts to China-based bank accounts outside the jurisdiction of this Court.

71. Defendants, without any authorization or license from Plaintiffs, have knowingly and willfully used and continue to use Plaintiffs’ Trademarks in connection with the advertisement, distribution, offering for sale, and sale of Counterfeit Products into the United States and Illinois over the Internet. Each Defendant Internet Store offers shipping to the United

States, including Illinois, and, on information and belief, each Defendant has sold Counterfeit Products into the United States, including Illinois.

72. Defendants' use of Plaintiffs' Trademarks in connection with the advertising, distribution, offering for sale, and sale of Counterfeit Products, including the sale of Counterfeit Products into Illinois, is likely to cause and has caused confusion, mistake, and deception by and among consumers and is irreparably harming Plaintiffs.

COUNT I
TRADEMARK INFRINGEMENT AND COUNTERFEITING (15 U.S.C. § 1114)

73. Plaintiffs hereby re-allege and incorporate by reference the allegations set forth in paragraphs 1 through 72.

74. This is a trademark infringement action against Defendants based on their unauthorized use in commerce of counterfeit imitations of the federally registered Plaintiffs' Trademarks in connection with the sale, offering for sale, distribution, and/or advertising of infringing goods. Plaintiffs' Trademarks are highly distinctive marks. Consumers have come to expect the highest quality from Plaintiffs' Products sold or marketed under Plaintiffs' Trademarks.

75. Defendants have sold, offered to sell, marketed, distributed, and advertised, and are still selling, offering to sell, marketing, distributing, and advertising products bearing counterfeit reproductions of Plaintiffs' Trademarks without Plaintiffs' permission.

76. Plaintiffs are the exclusive owners of their respective Plaintiffs' Trademarks. Plaintiffs' United States Registrations for Plaintiffs' Trademarks (Exhibits 1-11) are in full force and effect. Upon information and belief, Defendants have knowledge of Plaintiffs' rights in Plaintiffs' Trademarks, and are willfully infringing and intentionally using counterfeits of one or more of Plaintiffs' Trademarks. Defendants' willful, intentional and unauthorized use of

Plaintiffs' Trademarks is likely to cause and is causing confusion, mistake, and deception as to the origin and quality of the Counterfeit Products among the general public.

77. Defendants' activities constitute willful trademark infringement and counterfeiting under Section 32 of the Lanham Act, 15 U.S.C. § 1114.

78. Plaintiffs have no adequate remedy at law, and if Defendants' actions are not enjoined, Plaintiffs will continue to suffer irreparable harm to their reputations and the goodwill of Plaintiffs' Trademarks.

79. The injuries and damages sustained by Plaintiffs have been directly and proximately caused by Defendants' wrongful reproduction, use, advertisement, promotion, offering to sell, and sale of Counterfeit Products.

COUNT II
FALSE DESIGNATION OF ORIGIN (15 U.S.C. § 1125(a))

80. Plaintiffs hereby re-allege and incorporate by reference the allegations set forth in paragraphs 1 through 79.

81. Defendants' promotion, marketing, offering for sale, and sale of Counterfeit Products has created and is creating a likelihood of confusion, mistake, and deception among the general public as to the affiliation, connection, or association with Plaintiffs or the origin, sponsorship, or approval of Defendants' Counterfeit Products by Plaintiffs.

82. By using Plaintiffs' Trademarks on the Counterfeit Products, Defendants create a false designation of origin and a misleading representation of fact as to the origin and sponsorship of the Counterfeit Products.

83. Defendants' false designation of origin and misrepresentation of fact as to the origin and/or sponsorship of the Counterfeit Products to the general public is a willful violation of Section 43 of the Lanham Act, 15 U.S.C. § 1125.

84. Plaintiffs have no adequate remedy at law and, if Defendants' actions are not enjoined, Plaintiffs will continue to suffer irreparable harm to their reputations and the goodwill of Plaintiffs' respective brands.

COUNT III

CLAIM FOR INJUNCTIVE RELIEF UNDER THE ANTICYBERSQUATTING CONSUMER PROTECTION ACT (15 U.S.C. § 1125(d)) AS TO THE DEFENDANTS OPERATING A DEFENDANT DOMAIN NAME INCORPORATING ANY OF PLAINTIFFS' TRADEMARKS

85. Plaintiffs hereby re-allege and incorporate by reference the allegations set forth in paragraphs 1 through 84.

86. Plaintiffs are the exclusive owners of their respective Plaintiffs' Trademarks. The U.S. Registrations for Plaintiffs' Trademarks (Exhibits 1-11) are in full force and effect. Additionally, Plaintiffs' Trademarks are highly distinctive and many are famous marks pursuant to 15 U.S.C. § 1125 and were famous before and at the time of the registration of the Defendant Domain Names.

87. Upon information and belief, Defendants operating a Defendant Domain Name incorporating any of Plaintiffs' Trademarks have acted with bad faith intent to profit from the unauthorized use of Plaintiffs' Trademarks and the goodwill associated therewith by registering, trafficking in, or using various domain names which are identical to, confusingly similar to, or dilutive of Plaintiffs' Trademarks.

88. Defendants have no intellectual property rights in or to Plaintiffs' Trademarks.

89. Defendants' actions constitute willful cybersquatting in violation of §43(d) of the Lanham Act, 15 U.S.C. §1125(d).

90. Plaintiffs have no adequate remedy at law, and the registration and use of the Defendant Domain Names incorporating Plaintiffs' Trademarks has caused, is causing, and is likely to continue to cause substantial and irreparable injury to the public and to Plaintiffs.

COUNT IV
VIOLATION OF ILLINOIS UNIFORM DECEPTIVE TRADE PRACTICES ACT
(815 ILCS § 510, *et seq.*)

91. Plaintiffs hereby re-allege and incorporate by reference the allegations set forth in paragraphs 1 through 90.

92. Defendants have engaged in acts violating Illinois law including, but not limited to, passing off their Counterfeit Products as those of Plaintiffs, causing a likelihood of confusion and/or misunderstanding as to the source of their goods, causing a likelihood of confusion and/or misunderstanding as to an affiliation, connection, or association with genuine Plaintiffs' Products, representing that their products have Plaintiffs' approval when they do not, and engaging in other conduct which creates a likelihood of confusion or misunderstanding among the public.

93. The foregoing Defendants' acts constitute a willful violation of the Illinois Uniform Deceptive Trade Practices Act, 815 ILCS § 510, *et seq.*

94. Plaintiffs have no adequate remedy at law, and Defendants' conduct has caused Plaintiffs to suffer damage to their reputations and associated goodwill. Unless enjoined by the Court, Plaintiffs will suffer future irreparable harm as a direct result of Defendants' unlawful activities.

PRAYER FOR RELIEF

- g. using, linking to, transferring, selling, exercising control over, or otherwise owning the Online Marketplace Accounts, the Defendant Domain Names, or any other domain name or online marketplace account that is being used to sell or is the means by which Defendants could continue to sell Counterfeit Products; and

2) That Defendants, within fourteen (14) days after service of judgment with notice of entry thereof upon them, be required to file with the Court and serve upon Plaintiffs a written report under oath setting forth in detail the manner and form in which Defendants have complied with paragraph 1, a through h, above;

- 4) Entry of an Order that, upon Plaintiffs' request, those in privity with Defendants and those with notice of the injunction, including any online marketplaces such as iOffer and domain name registrars, including, but not limited to, GoDaddy, Name.com, PDR, 1api, HEXONET, and Namecheap, shall:
 - a. disable and cease providing services for any accounts through which Defendants, currently or in the future, engage in the sale of goods using Plaintiffs' Trademarks, including, but not limited to, any accounts associated with the Defendants listed on Schedule A; and
 - b. disable any account linked to Defendants, linked to any e-mail addresses used by Defendants, or linked to any Defendant Domain Names.
- 5) That Defendants account for and pay to Plaintiffs all profits realized by Defendants by reason of Defendants' unlawful acts herein alleged, and that the amount of damages for infringement of Plaintiffs' Trademarks be increased by a sum not exceeding three times the amount thereof as provided by 15 U.S.C. § 1117;
